UI/UX Designer

[Portfolio](#) | [Mail](#) | +91 6381636770

Summary

Product-focused UI/UX Designer with **3+ years of experience** designing intuitive, scalable digital products for complex platforms, including ERP systems. Strong at translating user research, product requirements, and business goals into **clear, usable, and high-impact interfaces**. Experienced in collaborating closely with product managers, engineers, and stakeholders to improve usability, optimize workflows, and drive product adoption. Successfully contributed to **8+ projects**, delivering solutions that balance user needs with long-term product scalability.

Skills : User Interface Design, User Experience Design, Motion Graphic Design, Video Editing, 3D Animation [Beginner], HTML, CSS, React / Tailwind / Github [Beginner].

Design Tools : **Figma**, Adobe XD, Framer, Webflow, UX Pin, Marvel, Blender 3D, Spline, Cinema 4D, Adobe Aero 3D, Adobe Dimension, Adobe Mixamo 3D, **Adobe After Effects**, Premiere Pro, Photoshop, Adobe Illustrator, Dora 3D, **Adobe creative cloud**.

Ai Tools : ChatGPT, Claude AI, Figma AI, Readdy AI, Stitch, Visly AI, UXPilot, Bolt, Replit, MagicPath, Grok, Canvas AI, Lovable AI, V0 App, Banani AI, Dorik AI, Webflow , Relume AI , Blackbox AI , Microsoft Copilot, Adobe Firefly AI, Ideogram, MagicPattern, Lovart AI. *Learning...*

Professional Experience

UI/UX Designer | **Colan Infotech Private Limited** | *August 2022 – Present*

Design and deliver **user-centered, scalable digital experiences** by translating research insights and business requirements into polished, production-ready interfaces. Lead a design team in building **high-quality UI designs, interactive prototypes, and scalable design systems**, ensuring pixel-perfect execution across responsive and accessible platforms. Collaborate closely with product managers, engineers, and stakeholders to deliver **end-to-end product solutions**, continuously refining designs through usability testing and iteration.

Roles :

- Lead end-to-end UI/UX design from concept through final implementation.
- Build and maintain design systems to ensure consistency, usability, and scalability.
- Translate user needs and business goals into intuitive user flows and interfaces.
- Partner with product, engineering, and stakeholders to deliver high-quality, user-focused outcomes.

Key Projects

Project 1 - Awal Plastics (Enterprise - ERP)

- Led the end-to-end UI/UX design for a comprehensive Enterprise Resource Planning (ERP) platform which covers **12 modules**, creating over **3,500+ wireframe** screens for complex modules (HRMS, Sales, Production, Inventory, Procurement, Finance).
- The work involved extensive information architecture planning and user flow mapping to optimize core business processes for a large user base.

Design System : Designed and implemented a custom design system tailored to client expectations, ensuring visual consistency and scalability across all ERP modules.

Project 2 - Zydco (AI Enterprise - ERP)

- Led end-to-end UI/UX design for an **AI-integrated ERP platform** at **ZYDCO**, spanning **12 core modules**. Designed **3,200+ wireframes** across complex domains including HRMS, Sales, Production, Inventory, Procurement, and Finance. Spearheaded information architecture and user-flow mapping to streamline critical business processes and enhance usability for a large, diverse user base.

Project 3 - Excellent Education (College)

- It is an end-to-end college website designed to help Nigerian students access quality education at an affordable cost. As the **Designer**, I led the user research, information architecture, and interface design to ensure clarity and ease of use. The platform prioritizes accessibility, intuitive navigation, and trust-building visuals tailored for students.

Project 4 - Excellent Hospital (Medical)

- An end-to-end hospital website designed to make affordable healthcare more accessible for users in Nigeria. As the **UI/UX Designer**, I crafted a clear user journey covering services, appointments, and essential information with minimal friction. The design emphasizes simplicity, accessibility, and trust to support users during critical decision-making moments. A clean visual language and structured layouts ensure a calm, reliable digital experience.

Education

B.Sc Computer Science, Thiruvalluvar University | (2019 - 2022)
Vellore District, Tamil Nadu, 635805

Recognition & Awards

- **Outstanding Performance and Lasting Contribution**
 - *Colan Infotech Private Limited, Quarter IV - March 2024*
- **Solid Delivery Performance**
 - *Colan Infotech Private Limited, Quarter I - July 2025*

Current Location: Chennai
