Professional Experience

UI/UX Designer | **Colan Infotech Private Limited** | *August 2022 – Present*

- Led end-to-end service design using human-centred design methodologies to create user-focused experiences.
- Mentored junior designers, providing guidance on design best practices, usability principles, and maintaining design quality through regular reviews.
- Created service design artefacts including journey maps, service blueprints, personas, and interactive prototypes.
- Communicated design concepts, research findings, and recommendations to diverse audiences and influenced decision-making.
- Evaluated design outcomes, contributed to experience standards, and worked effectively in agile, multidisciplinary environments.
- Maintained scalable design systems and ensured accessible, consistent, and intuitive user experiences across digital products.
- Collaborated in Agile teams with product managers, developers, QA, and stakeholders to deliver high-quality user experiences.

Featured Projects

Project 1 - Awal Plastics (Enterprise - ERP)

Led the end-to-end UX/UI design of a large-scale ERP platform covering 12 business modules, designing 3,500+ wireframes, optimizing complex workflows, and establishing a scalable design system to ensure consistency across the product ecosystem.

Project 2 - Excellent Education (College)

Designed a responsive education platform that helps Nigerian students discover affordable higher education opportunities, focusing on user research, information architecture, and seamless navigation experiences.

Project 3 - Excellent Hospital (Medical)

Designed a user-friendly healthcare platform that streamlined appointment booking, service discovery, and patient interactions through accessible, intuitive, and trust-focused user experiences.

Education

Bachelor of Computer Science - Thiruvalluvar University | (2019 - 2022)
